

## Easy care and a guarantee you can **B+LIEVE** in.

### EASY INSTALLATION

Brodart **B+WRITE** presentation wallcoverings come in flexible rolls and install like most commercial wallcoverings. This makes **B+WRITE** products easy-to-install and cost-effective. Brodart provides simple instructions to guide installers through the application process. All you need to apply a **B+WRITE** product is a clean, smooth, and sealed surface. It's that easy!

Horizontal seams are recommended when using the **B+WRITE** roll vinyl products, although vertical seams may be used. For a presentation surface that is 100% usable from floor-to-ceiling and wall-to-wall, Brodart recommends that all seams be double-cut and the vinyl "railroaded" to ensure color matching.

**B+WRITE** products should be washed with an ammonia- or alcohol-based cleaner or mild soap and rinsed thoroughly with water prior to their first use and for subsequent cleanings. Contact Brodart for more detailed instructions.

### EASY MAINTENANCE

Preserving and protecting your **B+WRITE** presentation wallcovering surface is easy. Remove dirt and stains by simply wiping down the surface with a damp cloth or sponge and mild soap or cleaner. If you encounter a tougher stain, carefully use a more powerful cleaner. Unlike most other wallcovering surfaces, **B+WRITE** products resist most chemical solvents that can break down, discolor, and deteriorate.

### THE B+WRITE GUARANTEE

Brodart **B+WRITE** products come with a five-year limited warranty. The **B+WRITE** products are guaranteed against cracking, chipping, checking, or peeling; and are engineered to resist staining and yellowing. Brodart recommends using the appropriate dry erase markers and erasers on your **B+WRITE** products to guard against damage.

# B+WRITE

dry erase wallcovering

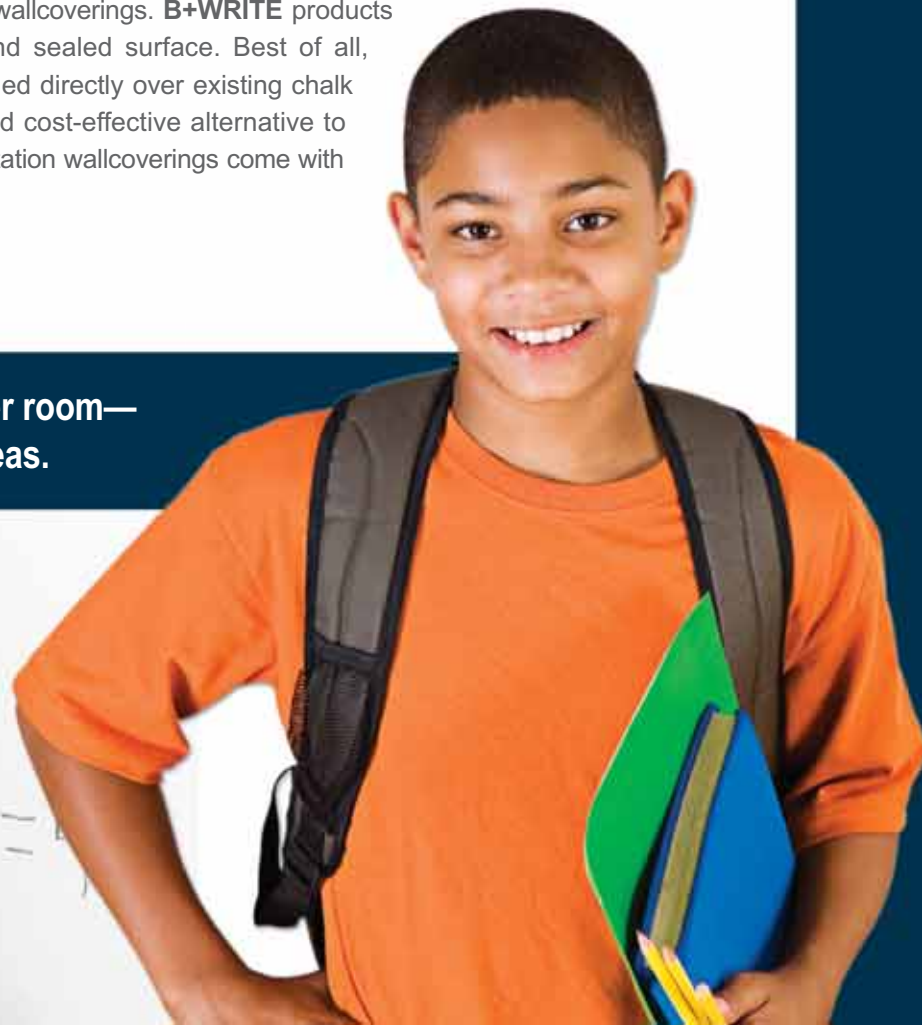

## GET READY. B+READY. Introducing B+WRITE from Brodart.

For nearly 70 years, libraries around the globe have turned to Brodart for innovative supplies and furnishings. Now, Brodart proudly introduces **B+WRITE** dry erase presentation wallcoverings, the new line of versatile, easy-to-install wallcoverings for your school and library.

Brodart **B+WRITE** presentation wallcoverings are ideal for classrooms, library study rooms, and conference rooms—anywhere you need to display your ideas, lessons, and presentations. These high-impact products are available in a variety of options to enhance teaching and learning.

Durable and aesthetic, **B+WRITE** presentation wallcoverings come in flexible rolls, and are installed in the same manner as most commercial wallcoverings. **B+WRITE** products can be applied to almost any clean, smooth, and sealed surface. Best of all, **B+WRITE** presentation wallcoverings can be applied directly over existing chalk and marker boards, making them a fast, easy, and cost-effective alternative to replacing outdated boards. Plus, **B+WRITE** presentation wallcoverings come with a limited five-year warranty from Brodart.

For your classroom, study room, locker room—  
anywhere you need to present your ideas.

### B+SMART

The versatile, innovative **B+SMART** wallcovering turns any wall into a presentation surface. This high-gloss dry erase marker surface offers excellent readability and erasability. The **B+SMART** wallcovering, available with an adhesive backing or non-woven backing, is a popular, economical choice for resurfacing old chalk and marker boards. When you choose **B+WRITE**, you're *b-ing* smart!

### B+LINE

The **B+LINE** wallcovering is a quality dry erase marker surface that features permanent solid light gray lines. This dry erase wallcovering provides a presentation surface that enables you to keep words and sentences in straight lines while teaching or presenting lessons! The high-performance dry erase top film makes writing easy-to-read and easy-to-erase. Plus, **B+LINE** is the fast and cost-effective way to replace outdated chalk and marker boards.

### B+READY

Are you ready for the next generation of dry erase wallcoverings? The **B+READY** wallcoverings include both pre-printed solid and dashed lines that are ideal for “learning to write” environments. The top and middle-dashed lines are light aqua in color, while the bottom lines are presented in a light pink color. With no chalk dust, this dry erase wallcovering will keep your classrooms cleaner. They're perfect for resurfacing faded or outdated chalk and marker boards. With an effective teaching product like **B+READY** at your fingertips, your students will be ready to advance to the next level of learning.

Three innovative products.  
One solution **B+YOND** simple.
