A photograph of a modern library furniture set. In the foreground, a wooden chair with a red frame sits on a red circular table. To the left, a wooden shelving unit with a red top and three shelves is visible. In the background, a wooden desk with a blue surface and a wooden bench are shown. The entire scene is set against a dark red background.

Libris

Libris Series

*Simply Useful.
Simple Durable.
Simply Libris.*

As the library industry becomes increasingly complicated, it's nice to know there are still some simple ideas that work—like Brodan's **Libris Series**.

One of America's favorite furniture collections since its introduction in 1993, the Libris Series was designed around what you look for most in your library furniture. Today, these needs haven't changed—in fact, they've become even more important as you've been presented with more and more choices from manufacturers who know less and less about what you actually need.

How do you sift through the endless choices? By choosing a furniture collection which combines the industry's toughest materials with colorful design options. By choosing a furniture collection which can be configured to the exact needs of your facility. By choosing a furniture collection which will only add to your library as time passes. Simply put, by choosing Libris.

A colorful combination of metal and wood, the Libris Series creates limitless design opportunities. *Libris Series Round Reading Table, Alphas Chair, and Libris Series Dictionary Stand*

Libris Series furnishings can be purchased with your choice of exclusively shaped legs in wood or metal. *Libris Series Information Access Table*

Libris Series computer stations are adjustable to sitting, standing, and wheelchair heights. *Libris Series Computer Station and Braille Chair*

The versatile nature of Libris Series furnishings allows for countless mix-and-match design options.
Libris Series Rectangular Reading Table and Metro Chairs

The Libris Series features solid oak edge banding and unique metal accent strips. *Libris Series Rectangular Reading Table and Alpha Chairs*

The Libris Series' alliance of wood and metal continues into panel-and-post computer stations and modular carrels.
